REISIG CATTLE
BULL & FEMALE SALE
AT THE RANCH | APRIL 4, 2020 • 1 PM | HARDIN, MT
Greetings from Reisig Cattle and the Reisig Families:

This will be our 10th annual bull and female sale. We would like to take this opportunity to express our appreciation to those who have helped us these past ten years. We are so grateful for and humbled by our friends’ kindness and generosity. You have been tenacious supporters of us personally and professionally and we could not and would not want to continue this endeavor without you. Thank you!!!

We hope this year’s offerings will be a great benefit to your operation, increasing your overall profitability and sustainability. It is our goal to produce a strong offering of excellent, service ready bulls and high quality heifers from which you can choose.

We appreciate Buford Ranches as guest consigners this year. Their program is similar to ours, adding to this year’s auction line-up of powerful, highly productive, performance bulls.

We look forward to seeing you for pie and ice cream after lunch sale day! You are also welcome to join us to view animals and enjoy a meal together Friday evening, April 3rd 2020.

Call Dustin Reisig – (406)-350-1800 if you have any questions.

Sincerely,
Reisig Family

“Leaning Oak Ranch is a family owned ranch located in Okemah, OK. We raise Angus based commercial cattle. We have been buying bulls and females from Reisig Cattle for four years now. Since we have purchased Reisig bulls to put on our commercial herd our weaning weights, carcass quality, feed efficiency and maternal traits have all shown noteworthy improvements. Our weaning weights on pastures we use Reisig bulls have been the heaviest calves the past 3 years. The carcass quality of our steers has increased significantly. Our steers are processed at the Tyson plant in Sioux City Iowa and last year they reported our steers had the highest carcass quality out of 6000 head processed that week. The feed efficiency of our steers is the best our fourth generation feedlot manager has seen on his family feedlot. Cargill completed the feed efficiency closeout showing only 6.67lbs dry matter per pound gained. We have noticed vast improvements on the replacement heifers we are developing as well. Our pelvic measurements have increased 16% and more mature reproductive tracts in our yearling heifers. The foundation cows of our program have remained the same over the past four years with all the evidence to these improvements being the genetic benefits of Reisig bulls. The bulls we have bought in the past have all preformed exceptional on conception rates and have proven to hold body condition for spring and fall breeding seasons. Being a family owned ranch docility is very important to us. Reisig bulls have been the best tempered bulls we have found. We highly recommend Reisig Cattle to everyone we meet and will continue to be loyal customers. The Reisig family are great hardworking people and offer great cattle.”

Lots 1 and 2 are a pair of truly impressive herd sire prospects: They blend the cow family that produced the full sister to GENEX Sire Intrigue 4407 which stems back to the legendary Buford Elba 9000 – with the awesome bull SAV Resource 1441. Some of his accolades include: “consistently adding muscle, volume, base-width, natural fleshing-ability, feet quality, docility, breed character and pounds in the right package,” and “Resource daughters are making ideal brood cows with beautiful body type, impeccable udders and optimum milk – earning him the highest mark of approval.”

A big topped, big hipped beautifully designed bull with lots of Angus character. If you are looking for performance and maternal qualities, **EZ MONEY** is the Bull for you.
REISIG SAFE GUARD 728

**BUFORD OSAGE A932** × **REISIG ELBA 3000**

**DOB 1/26/17**  **Reg#18949512**

*Reisig Safe Guard 728* is the combination calving ease bull with performance. Backed by excellence genetically on the top and bottom side of his pedigree. Like BC Lookout’s full sister, 4151 produced several Lot 1 bulls and Champion Pens of 3 sons at the National Western Stock Show. Buford Elba 9000 is producing great ones, no matter the sire. Her production is second to none and her progeny has topped many sales across the country. Calving ease/heifer bull.

ZWT INTERVENTION 7363

**SA V IMPACT 5595** × **EA ROSE 918**

**DOB 5/3/17**  **Reg#18987241**

*ZWT Intervention 7363* was the high selling bull in the 2018 ZWT Annual Bull & Female sale. Intervention brings the world’s POWER BULL to an all new level. For starters he has a massive hip; that is as square as you can get. Long as a freight train, slick fronted, and stands on a solid, square foot. His dam is none other than the ultimate phenotype, maternal giant “EA ROSE 918”, also known as the dam of Brooking Bank Note. Rose has proven herself time and time again through progeny like pictured below, Brooking Rose 201, Brooking Rose 325, Sow Line 1019, the list goes on demanding top dollars... Intervention will add length of body which is pounds, and tons of red meat, with maternal built in genetically. Solid 6 frame.
